Al-Najat executes number of projects

Head of Andalus Zakat Committee at Al-Najat Charity Zaid Al-Hamli said the committee implemented a number of projects in 2019, thanks to Kuwaiti donors.

He revealed the projects included digging wells for drinking water, and supporting widows, orphans and needy families in Kuwait.

He added many villages and towns in poor countries need mosques; pointing out that the cost of establishing one mosque starts from KD 4,000 while the cost of supporting one orphan outside Kuwait is KD 15.

He called on donors to contact the committee through hotline numbers 97238002 or 24880600 or visit the headquarters of the committee which is located in Andalus – opposite Andalus Cooperative Society.
